

Developing and marketing innovative chemistries and materials in the frame of sustainability

NIPU-EJD PROJECT FINAL EVENT
Discussion panels

Mons 18-21 February 2025

MSCA-ITN-EJD
H2020-EU

This project has received funding from the European Union's Horizon 2020 research and innovation programme under the Marie Skłodowska-Curie grant agreement n° 955700

15:15-17:15 - SUSTAINABILITY AND CHEMISTRY - Scientific conference (2)

15:15-16:15 Discussion panel with MSCA fellows

What did we learn?

15:15-17:15 - SUSTAINABILITY AND CHEMISTRY - Scientific conference (2)

16:15-17:15 Discussion panel with supervisors

Did we exhaust the topic?

Can principles of NIPU's technologies be applied to other scientific topics, other chemistries?

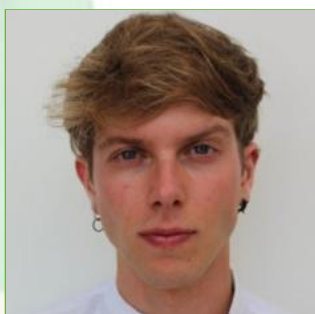

Can we find new material properties and/or applications for NIPU's to substitute conventional PUs or other materials?

Panelists

15:15-17:15 - BUSINESS CASES AS CONCRETE EXAMPLES OF ADDRESSING SUSTAINABILITY IN THE CHEMICAL AND MATERIALS INDUSTRY (2)

15:15-17:15 Discussion panel

Today's externalities are the driver for innovation and a more livable and sustainable future

Panelists

Facilitator

Prof. Roland
MOREAU, ULB

2025-02-18 to 21

Dr Rosina GIORDANO,
Coordinator Circular
Economy, PlastiWin

Dr Thaïssa CHAPARRO
R&D project manager,
PolymerExpert

Dr Lucie IMBERNON,
Sustainable Innovation
Expert, Carpenter

Dr Prakhar
POURANICK, Project
Leader, CRM Group

Dr Olivier
TALON,
Coordinator
R&D, Materia
Nova

Dr Sylvain CAILLOL, Research
Dir., CNRS Montpellier

10:40-12:45 - SUSTAINABILITY, INNOVATION AND BUSINESS MODELS IN THE CHEMICAL AND MATERIALS INDUSTRY

11:40-12:45 Discussion panel

Facilitator

Ir Dominique
DEBECKER,
Sustainability
Champion

2025-02-18 to 21

Sustainable business models: derisking (future-proofed) and superior economic value creation on short, mid and long terms
Reach the full potential of sustainable business models

capital investor

Ir Serge DEMOULIN,
Senior investment
manager, IMBC

Dr Magnus
JOHNSON, Director
Innovation, Perstorp
Group

...and the audience

Panelists

9:05-10:15 - FUTURE CAREER PROSPECTS FOR MSCA FELLOWS AND OTHER YOUNG SCIENTISTS/GRADUADED (1)

9:05-10:15 Discussion panel with MSCA fellows

What did we learn from an educational/soft skills point of view?

Facilitator

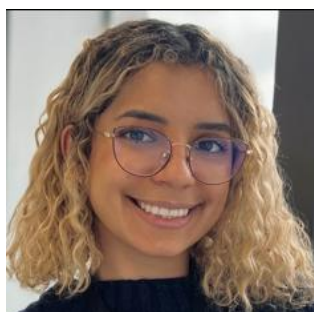

Dr Anne GOLDBERG,
UMONS

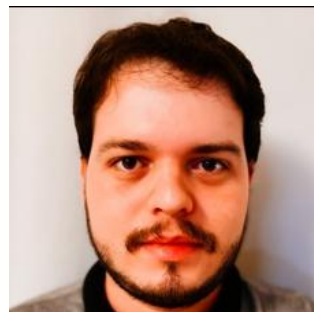

Panelists

Marco CALIARI

Katherine GOUVEIA

Nichollas
GUIMARÃES JAQUES

Maliheh RAZAVI-
ESFALI

Pavithra WIJERATNE

10:45-12:15 - FUTURE CAREER PROSPECTS FOR MSCA FELLOWS AND OTHER YOUNG SCIENTISTS/GRADUADED (2)

10:15-11:15 How to become an entrepreneur?

Dr Alessandro BRUNETTI, Entrepreneurship lecturer, UMONS

11:15-12:15 Testimonials of young and senior researchers/scientists

Dr Alessandro BRUNETTI, alumni MSCA Fellows, founder of iQrypto

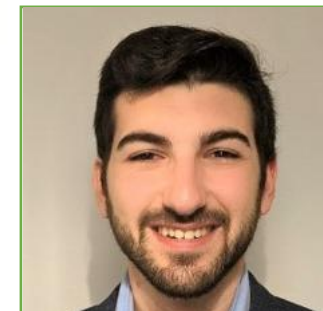

Dr Laetitia URBANCZIK, R&D scientist, CERM - ULiège

Anne-Catherine VAN CRANEM, Researcher, ATC AGC - AGC Technovation Center

Dr Anne GOLDBERG
NIPU Project Manager,
UMONS

Facilitator
